📍 Bengaluru, India

EDUCATION

B.E., Information Science & Engineering,

2023 – 2027

B.M.S. College of Engineering (BMSCE)

CGPA: 7.04/ 10

12th, Sir mv pu college

2023

Percentage:96

10th, srn mehta English medium school

2021

Percentage:92

SKILLS

Languages

C++, Python, Java, C

Web Development Technologies

HTML, CSS, Javascript

Databases

MySQL, MongoDB

Operating Systems

Linux, UNIX, Shell Scripting

Tools

Git, GitHub, Ubuntu Terminal

PROJECTS:

Swift ride

- Developed an Uber-like ride booking system with real-time driver matching, trip scheduling, and fare estimation. Implemented trip lifecycle management (Request → Accept → Start → Complete) with secure
- user/ driver authentication and ride history tracking. Integrated an in-ride essentials ordering feature allowing customers to add essentials requests while booking with driver notifications and final bill
- calculation

DB Visualizer (Database Schema Visualizer)

- Built a Python-based Database Visualizer to automatically extract tables, columns, and relationships from SQL databases.
- Generated interactive ER diagrams and schema graphs for better understanding of database structure and dependencies.
- Implemented query-based visualization and export options (PDF/ PNG) to simplify documentation and database analysis.
